Course Introduction:

Eye of Africa Golf & Residential Estate is proud to have opened the first Greg Norman designed golf course in South Africa. Designed exclusively by Greg Norman Golf Course Design, the championship golf course at Eye of Africa is the talking point amongst Johannesburg's golfers.

From the first tee to the 18th green, Greg Norman and his expert team have included extensive bunkering and endeavoured to integrate the course seamlessly with its stunning 750 hectares of natural surrounds. This par 72 championship course spans over 7212 metres and is the fourteenth golf course designed by the legendary golfer 'The Great White Shark', built in collaboration with the award-winning international developers, Medallist. As is always the case, this Greg Norman designed golf course is set up to really challenge every golfer on the course and offer a true championship experience.

With the vast array of options set up, the wide fairways, with Cynodon and Gulf Green grass, and the beautiful A1A4 greens (a unique Greg Norman strain), the course offers a fair challenge to golfers of all abilities. The course is played as a continuous loop, with the halfway house overlooking the beautiful 9th green. Any time you visit Eye of Africa, you'll see golfers of contrasting ability enjoying the tranquil surroundings of this vast practice area, with some of them indulging in the professional services of the PGA tutors on the range.
